WELCOME CHALLENGER HOCKEY!

The Oakville Rangers Hockey Club is pleased to welcome the Challenger Hockey program into its operations for the 2017-2018 season.

The Challenger Hockey program was organized in 2008 by the Joy of Learning Centre, a family run therapy based centre for children with autism and special needs. The program was developed to provide the opportunity for children and youth with special needs to practice and develop their skating and hockey skills in a safe and inclusive environment.

Expertly developed online courses and job search training for students and grads.
Gain skills that work in today's competitive job market!
For more information, see our website www.eloftcareers.com or contact us at info@eloftcareers.com

RANGERS DAY RECAP

This past Saturday (September 30th) was a great day to be a Ranger! Over 9000 members of the Oakville Rangers community

REGISTRATION

Registration is on the rise this season and quite limited as the teams are now drafted and have hit the ice.
