*Not sure which email address you used for your HCR Account?* Enter your email address on the login screen and click next. The Participants connected to your account will be listed. If the participant you are registering is listed, click on the *Register Now* button next to their name. If they are not listed, click on the *Add A Participant* button at the bottom. Search for the player you are registering by their HCR Number (if you know it) or by their name AND date of birth – click on *Search*. The Search results will be displayed below the search fields. If you are not able to find the player you are registering please contact the office for assistance

# Step Four: Manage Participant (optional)

The next screen will present you with a few Optional Participant Management options:

- Address Change: HCR will compare the Primary Address on your profile to the Primary Address on the Participants profile. If those two addresses are not an <u>EXACT</u> match the system will say it has detected a difference. It is possible (quite common, actually) that you are presented this option even through the address is correct. Please only update your address if it has <u>actually</u> changed.
- **Contacts:** Allows you to add a new contact to the Player's profile. Clicking this will also show you the contacts already associated.

• **Documents:** Allows you to upload new documents to the Player's profile. It is recommended you upload the Player's Birth Certificate as well as a picture of your **valid** Driver's License showing your address as the Birth Certificate and Proof of Address are required for a player to be rostered.

When you have finished with these options, click Register

#### Step Five: Select Your Tryout, Complete the Waivers and Questionnaire

The system will display the Tryouts available for the player you are registering, based on their year of birth. Select the Tryout you are registering for then click **Next**.

If you have been granted an exceptional status to try out a year up, you will still register for your own age group. Once registered, notify the coach and he will arrange to have your registration moved up.

Each Tryout Registration will require you to accept a few waivers and fill out a Questionnaire. Complete each of the required steps then click on *Complete*. Each box must have a green checkmark before you can proceed.

### Step Seven: Proceed to Checkout or (optional) Add Another Participant

Following the waivers you can either *Add Another Participant* or *Checkout*. If you are registering multiple participants you will select that option then repeat steps Three, Four, and Five (above) for each of them. When you are ready, click on *Checkout* to continue.

#### If You Are Registering Multiple Participants

If you have more than one participant to register you can do so on a single transaction. However, please note, you can register multiple participants in one transaction but each participant can only be in your cart once. If you want to register the same participant for multiple Tryouts (for example, if you wanted to register for both the AA and A Tryouts) you will need to do a separate transaction for each.

# Step Eight: Terms & Conditions and Order Summary

Review your Order Summary for accuracy then click **Next**. Review the **Terms & Conditions** then click next. To review the Tryout Registration Refund Policy or to request a refund please visit <u>https://oakvillerangers.ca/Forms/14117</u>.

#### **Step Nine: Complete Payment**

Click on Credit Card to select Credit Card as your method of payment then click Next.

# Registration Payment is only accepted via Credit Card Visa / Visa Debit or Mastercard / Mastercard Debit

A popup window will open for Sportspay, the Oakville Rangers payment processing provider. Enter your Credit Card information then click on **Pay**.

If there are any issues you will come back to the Payment Method selection screen with an option to try again. Unfortunately, the system does not tell you what the issue is... It could be that your card was declined, it could also be as simple as a typo when you entered your info or the system timing out while awaiting your entry. The payment collection screen can time out quickly – if it takes you more than two or three minutes to enter your credit card info (for example, if you had to run to the other room to get your card) the system may give you an error.

If you get an error click the *Try Again* button to give it another go. If you continue to have issues please check with your Credit Card provider first to ensure it is not an issue on their end. If they advise you that all is well, please contact the office for further assistance.

Once your payment goes through you will see a confirmation screen, and you are good to go! The system will send you two emails at this point – one with an invoice for your order and one with the receipt for your payment.
